VA0020257
Flow: .084 MGD; Interim C12 Max. 3.5 mg/l
Receiving Stream: South Fork Appomattox River, Upper James River Basin, Section 11d, Class III, Special Standards: p
Discharge: Existing Domestic
The proposed reissuance consists of permits containing final effluent limits, and a letter from the Executive Director, State Water Control Board, which establishes interim effluent limits. These interim effluent limits shall remain in effect until such time as construction grant monies are available and new facilities are constructed to meet the final effluent limits. These proposed reissuances are tentative. On the basis of preliminary review and application of lawful standards and regulations, the State Water Control Board proposes to reissue the permit subject to certain conditions.
PROCEDURES FOR THE FORMULATION OF FINAL DETERMINATION
Persons may comment in writing to the Board on the proposed reissuance to the permit within 30 days from the date of this notice. Comments shall include the name, address, and telephone number of the writer and shall contain a complete, concise statement of the factual basis for the comments. Only those comments received within this period will be considered by the Board. The Board may, upon request or upon its own motion, decide to hold a public hearing if it determines that public response is significant.
All pertinent information is on file and may be inspected, and arrangements made for copying at the:
State Water Control Board
West Central Regional Office
5312 Peters Creek Road
P.O. Box 7017
Roanoke, Virginia 24019
Telephone Number: 703/982-7432
Following the comment period, the Board will make its determinations regarding the proposed reissuance. These determinations will become effective, unless the Board grants a public hearing. Due notice of any public hearing will be given.
